PROFILE

Passionate and goal-driven individual, Rishabh Khanna, currently pursuing a Bachelor of Technology in Computer Science Engineering at VIT AP University, with aspirations to excel as a software engineer, particularly in web development. Possessing a strong interest in web development, with proficiency in HTML, CSS, JavaScript, and React, I am committed to mastering the latest technologies and best practices in the field.

Bringing in practical experience from a 2-month internship at CodSoft Company, I have gained valuable insights into software development processes and collaborated on real-world projects. Based in Ranchi, Jharkhand, I am eager to leverage my education, internship experience, and passion for web development to contribute effectively to innovative projects and drive organizational success.

EDUCATION

BTECH, VIT AP University

October 2022 — July 2026

Intermediate, DAV Public School, Ranchi

May 2020 — February 2022

INTERNSHIPS

Web Developer at CodSoft, Remote

March 2024 — May 2024

During my internship at Codsoft Company, I had the opportunity to work remotely as a web developer, contributing to various projects and gaining invaluable hands-on experience in the field of web development.

Java Developer at Oasis Infobyte, Remote

February 2024 — April 2024

As a Java developer at Oasis Infobyte Company, I had the privilege of working on diverse projects and contributing to the development of robust and scalable software solutions.

During my tenure, I played a key role in the design, development, and maintenance of Java-based applications, leveraging my expertise in Java programming language, object-oriented design principles, and software development methodologies.
